SOLICITATIONS AND PROMOTIONAL ACTIVITIES ON COE PREMISES

BP 1330

It is the policy of the Board that all solicitations and promotional activities on COE premises shall be prohibited, except under special conditions as determined by the Superintendent.

The Board recognizes the need to maintain an environment on COE premises which is conducive to the authorized educational and business operations of the Office, and which is free of disruptions to students, employees, and visitors. Therefore, all commercial, political, religious, or other types of solicitations or promotions shall be prohibited.

This policy does not prohibit the establishment of a polling place on COE premises, nor does it prohibit community use of COE premises for meetings conducted under the provisions of the Civic Center Act.
