Equal Employment Opportunity

The Santa Clara County Office of Education (SCCOE) prohibits discrimination, harassment, intimidation and bullying based on actual or perceived race or ethnicity, gender/sex (including gender identity, gender expression, pregnancy, childbirth, breastfeeding, and pregnancy-related medical conditions) sexual orientation, religion, color, national origin, ancestry, immigration status, physical or mental status, marital status, registered domestic partner status, age (40 and above), genetic information, political belief or affiliation (not union related), association with a person or group with one or more of these actual or perceived characteristics, or any other basis protected by federal, state or local law, ordinance, or regulation in any program or activity it conducts or to which it provides significant assistance.

Equal employment opportunity applies to all employees, applicants, contractors, interns, and volunteers and to all terms and conditions of employment, including hiring, placement, promotion, termination, layoff, recall, transfer, leave of absence, compensation, and training.

The SCCOE expressly prohibits any form of unlawful employee harassment or discrimination based on any of the characteristics mentioned above. Improper interference with the ability of other employees to perform their expected job duties is absolutely not tolerated. Our commitment to equal employment opportunity prohibits unlawful discrimination and harassment by any employee (including supervisors and co-workers), agent, client, customer, or vendor.

Retaliation means adverse conduct taken because an individual reported an actual or perceived violation of this policy, opposed practices prohibited by this policy, or participated in the reporting and investigation process described below. "Adverse conduct" includes but is not limited to:

1. shunning and avoiding an individual who reports harassment, discrimination or retaliation;
2. express or implied threats or intimidation intended to prevent an individual from reporting harassment, discrimination or retaliation; or
3. denying employment benefits because an applicant or employee reported harassment, discrimination or retaliation or participated in the reporting and investigation process.

Complaints of discrimination should be filed according to the procedures described in the complaint procedure.

[Nondiscrimination in Employment \(4030 AR\)](#)

Disability Inclusion and Reasonable Accommodation

The SCCOE is committed to maintaining an inclusive environment where all applicants and employees can readily and efficiently ask for reasonable accommodations necessary to reach their full potential. Reasonable accommodations are any changes in the workplace or the way job duties are usually performed that provide an equal employment opportunity to someone with a disability. This process does not cover requests that would pose an undue hardship or fundamentally change the essential functions of a job.

A reasonable accommodation is provided when:

- an applicant with a disability needs an accommodation to have an equal opportunity to compete for a job;
- an employee with a disability needs an accommodation to perform the essential functions of the job or to gain access to the workplace; or
- an employee with a disability needs an accommodation to enjoy equal access to benefits and privileges of employment (e.g., tools, training, SCCOE sponsored events).

An applicant, candidate, or employee can request an accommodation by contacting the [Worker's Compensation Supervisor](#).

[Reasonable Accommodation \(4032 AR\)](#)

[Employees with Infectious Disease \(4119.41 SP\)](#)

Harassment

It is SCCOE policy to provide a work environment free of harassment. To that end, harassment of SCCOE employees by management, supervisors, coworkers, or nonemployees who are in the workplace is absolutely prohibited. Any retaliation against an individual who has complained about harassment or retaliation against individuals for cooperating with an investigation of a harassment complaint is also unlawful and will not be tolerated. The SCCOE will take all steps necessary to prevent and eliminate unlawful harassment.

Definition of Unlawful Harassment

"Unlawful harassment" is conduct that has the purpose or effect of creating an intimidating, hostile, or offensive work environment; has the purpose or effect of substantially and unreasonably interfering with an individual's work performance; or otherwise adversely affects an individual's employment opportunities because of the individual's membership in a protected class.

Unlawful harassment includes, but is not limited to, epithets; slurs; jokes; pranks; innuendo; comments; written or graphic material; stereotyping; or other threatening, hostile, or intimidating acts.

Definition of Sexual Harassment

"Sexual harassment" is generally defined under both state and federal law as unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature where:

- submission to or rejection of such conduct is made either explicitly or implicitly a term or condition of any individual's employment or as a basis for employment decisions; *or*
- such conduct has the purpose or effect of unreasonably interfering with an individual's work performance or creating an intimidating, hostile, or offensive work environment.

Other sexually oriented conduct, whether intended or not, that is unwelcome and has the effect of creating a work environment that is hostile, offensive, intimidating, or humiliating may also constitute sexual harassment.

While it is not possible to list all those additional circumstances that may constitute sexual harassment, the following are some examples of conduct that, if unwelcome, may constitute sexual harassment depending on the circumstances, including the severity of the conduct and its pervasiveness:

- Unwanted sexual advances, whether they involve physical touching or not;
- Sexual epithets, jokes, written or oral references to sexual conduct, gossip regarding one's sex life, comments about an individual's body, comments about an individual's sexual activity, deficiencies, or prowess;
- Displaying sexually suggestive objects, pictures, or cartoons;
- Unwelcome leering, whistling, brushing up against the body, sexual gestures, or suggestive or insulting comments;
- Inquiries into one's sexual experiences; *and*
- Discussion of one's sexual activities.

All employees should take special note that retaliation against an individual who has complained about sexual harassment and retaliation against individuals for cooperating with an investigation of sexual harassment complaint is unlawful and will not be tolerated at the SCCOE.

Complaint Procedure

Employees

If an employee believes they are being subjected to discrimination, harassment, or other inappropriate behavior, they may immediately inform the offending party that the conduct is unwelcome and needs to stop. If the conduct does not cease, or if the employee is unable to or uncomfortable with addressing the alleged offender directly, they should report the incident to their own supervisor, a member of the Leadership Team, or to the Assistant Superintendent - Personnel Services or designee. It is recommended, but not required, that the employee provide a written record of the date, time and nature of the incident(s) and the names of any witnesses.

It is important to report all concerns of harassment, discrimination, or inappropriate behavior to the Assistant Superintendent - Personnel Services or designee or a supervisor/manager as soon as possible. Leaders must be made aware of the situation so an immediate and impartial investigation can be conducted and appropriate action can be taken to remediate or prevent the prohibited conduct from continuing.

Managers and Supervisors

Managers and supervisors must deal quickly and fairly when they have any knowledge of discrimination, harassment, or other inappropriate behavior within their departments, whether or not there has been a written or formal complaint. They must:

- Take all complaints or concerns of alleged or possible discrimination, harassment, or other inappropriate behavior seriously no matter how minor or who is involved.
- Report all incidents to HR immediately so that a prompt investigation can occur.
- Take any appropriate action to prevent retaliation or prohibited conduct from recurring during and after any investigations or complaints.

Managers and supervisors who knowingly allow or tolerate discrimination, harassment, other inappropriate behavior or retaliation, including the failure to immediately report such misconduct to HR, are in violation of this policy and subject to discipline.

Human Resources

The Assistant Superintendent - Personnel Services or designee is responsible for:

1. Ensuring that both the individual filing the complaint (complainant) and the accused individual (respondent) are aware of the seriousness of a complaint.
2. Explaining SCCOE's relevant policy/policies and investigation procedures to all parties involved.
3. Exploring informal means of resolving complaints.
4. Notifying the police if criminal activities are alleged.
5. Arranging for an investigation of the alleged discrimination, harassment, or other inappropriate behavior and the preparation of a written report.
6. Submitting a written report summarizing the results of the investigation and making recommendations to the appropriate members of the Leadership Team.

7. Notifying the complainant and the respondent of the corrective actions to be taken, if any, and administering those actions.

Employees filing a complaint may request that an investigation into their complaint be conducted by an external third party if they believe there is a conflict of interest. The Assistant Superintendent - Personnel Services or designee will consult with the County Superintendent regarding the employees request and determine if an in-house investigation will be conducted or if a third party will be contracted to complete the investigation. The Assistant Superintendent - Personnel Services or designee must provide a rationale for the decision. The in-house investigator shall not be within the administrative control or authority of the respondent.

Complaint Resolution Procedures

Complaints should be submitted as soon as possible after an incident has occurred, preferably in writing. The Assistant Superintendent - Personnel Services or designee may assist the complainant in completing a written statement or, in the event an employee refuses to provide information in writing, the Assistant Superintendent - Personnel Services or designee will dictate the verbal complaint.

1. To ensure the prompt and thorough investigation of a complaint, the complainant should provide as much of the following information as is possible:
2. The name, department and position of the person or persons allegedly committing the discrimination, harassment, or other inappropriate behavior.
3. A description of the incident(s), including the date(s), location(s) and the presence of any witnesses.
4. The effect of the incident(s) on the complainant's ability to perform his or her job, or on other terms or conditions of his or her employment.
5. The names of other individuals who might have been subject to the same or similar discrimination, harassment, or inappropriate behavior.
6. What, if any, steps the complainant has taken to try to stop the discrimination, harassment, or inappropriate behavior.
7. Any other information the complainant believes to be relevant to the complaint.

Discipline

Employees who violate SCCOE harassment and discrimination policies or otherwise participate in inappropriate behavior in violation of SCCOE policies are subject to appropriate discipline. If an investigation results in a finding, the mandatory minimum discipline is a written reprimand. The discipline for very serious or repeat violations is termination of employment and/or may also be subject to civil damages or criminal penalties.

Confidentiality

All complaints and investigations are treated confidentially to the extent possible and information is disclosed strictly on a need-to-know basis. The identity of the complainant is usually revealed to the parties involved during the investigation and the Manager, Supervisor, and/or Assistant Superintendent - Personnel Services or designee take adequate steps to ensure that the complainant is protected from retaliation during and after the investigation. All information pertaining to a complaint or investigation is maintained in secure files within the HR department.

Time Limits on Reporting

Complaints should be brought forward as soon as possible after the conduct occurs. While there is no stated timeframe for making a complaint, prompt reporting will better enable the SCCOE to respond, determine the relevant issues, and provide an appropriate resolution and/or action. Although delaying a report or complaint may impede the ability to conduct an investigation or take appropriate remedial actions, all incidents should be reported even if a significant amount of time has passed.

Other Available Procedures

The procedures available under this policy do not preempt or supersede any legal procedures or remedies otherwise available under local, state or federal law. Anyone may file complaints of discrimination, harassment, or retaliation with the State of California Department of Fair Employment Housing (DFEH), the Equal Employment Opportunity Commission (EEOC), and the Office of Federal Contract Compliance Program (OFCCP) whether or not complainants choose to use the SCCOE complaint procedure.

California Public Records Act

The California Public Records Act requires the publication of public employee names and salary information. Decisions from the California Supreme Court have determined that local agency employees do not have a reasonable expectation of privacy in their name, salary information, and dates of employment. All information on Transparent California comes directly from public records request and is public information. More information on the Act can be found [here](#).

Cell Phone Use

Personal cell phones shall not be used in the work-place during regular work hours other than breaks and lunch. Using a personal cell phone for any reason including taking or making personal calls, texting or using the internet, is unacceptable during work hours. If you require an exception, you must receive permission from your manager or supervisor.

If your job requires you to drive on SCCOE time and/or in SCCOE vehicles you must obey the law. As of January 1, 2018, California law made it unlawful for a motorist to hold and operate any wireless device while at the wheel — even, for example, to check GPS. Your safety and the safety of others is our greatest concern, and we encourage you to be alert and responsible while driving.

Child and Dependent Adult Abuse Reporting Requirement

The maltreatment of children and dependent adults with physical, mental or developmental disabilities is a serious concern. All persons have the right to live and learn in a safe environment, and as such, the Santa Clara County Office of Education is committed to providing a safe, caring and nurturing environment for all its students. Children have very few resources for changing the circumstances of their lives. Since children cannot protect themselves, it's important for others to intervene when they suspect abuse or neglect by a parent, guardian, or other individual.

Child abuse or neglect can occur in any situation or family, regardless of socio-economic status, sexual orientation, religion, ethnic background or level of education of the parties involved.

Mandated reporters play a critical role in identifying and reporting concerns of child abuse or neglect that may otherwise go unreported. The responsibility to report suspected abuse or neglect:

- can protect the child in the short-term;
- can prevent further abuse or neglect; and
- may allow families to receive needed resources or services that may eliminate the underlying cause of abuse or neglect.

Who are mandated reporters?

A mandated reporter is an employee required by law to report suspicion of child abuse or neglect. Specific professionals are identified by the State of California as mandated reporters including teachers, child care providers, medical and mental health professionals, and coaches.

Employees who are defined by law as mandated are obligated to immediately report situations in which knowledge of or reasonable suspicion exists that a child has been a victim of abuse or neglect.

How to report suspected child abuse or neglect:

1. CALL 9-1-1 if you believe a child is in imminent danger, needs medical attention, or it would not be safe for them to return or remain at home. Or CALL DFCS in the:
 - San Jose area: (408) 299-2071
 - Gilroy/Morgan Hill area: (408) 683-0601
 - Palo Alto area: (650) 493-1186
 - Santa Clara County Toll-Free Phone Number: (833) SCC-KIDS (722-5437)
2. After the initial call and within 36 hours, all mandated reports **MUST** then submit a [Suspected Child Abuse Report \(form SS 8572\)](#) by mail to the DFCS at 373 West Julian Street, 2nd Floor, San Jose, CA 95110 or fax to (408) 975-5851.

Cautionary Note:

- The reporting responsibility has not been fulfilled until both the telephone call and written reports are complete.
- School personnel are not to engage in any investigation of suspected cases. The investigation will be done by the child protective services office or Adult Protective Services.
- The reporting responsibility is an individual one which is not discharged by report to supervisors or administrators.

How to report suspected dependent adult abuse or neglect:

1. CALL 9-1-1 for immediate danger or CALL APS in Santa Clara County (408) 975-4900 or 1-800-414-2002
2. After the initial call, all mandated reports **MUST** then submit a [Suspected Dependent Adult Abuse Report \(SOC 341\)](#) within two working days by mail to the APS at 333 West Julian St. – Fourth Floor, San Jose, CA 95110.

Internal reporting:

Santa Clara County Office of Education employees must make the initial call and report to the proper authority then, follow the [SCCOE Policy \(4141.4 AR\)](#) for internal reporting procedures if a SCCOE employee has knowledge of or reasonably suspects that another SCCOE employee or other individual who works with or has contact with students on campus has in the past, or is currently engaged in conduct that may be an indication of suspected abuse or neglect.

Reporting to a licensing agency:

When the SCCOE receives a report that contains either of the following, it shall, make a report to the Department of Social Services (DSS) by telephone or fax within the DSS's next working day and during its normal business hours:

1. A report of abuse alleged to have occurred in facilities licensed to care for children by the State Department of Social Services.
2. A report of the death of a child who was, at the time of death, living at, enrolled in, or regularly attending a facility licensed to care for children by the State Department of Social Services, unless the circumstances of the child's death are clearly unrelated to the child's care at the facility.

In addition, a written report containing the following information shall be submitted to DSS within seven (7) days following the occurrence of such event:

- Child's name, age, sex, and date of admission
- Date and nature of event
- Attending physician's name, findings, and treatment, if any
- Disposition of the case

The SCCOE shall send the licensing agency a copy of its investigation and any other pertinent materials. ([Penal Code 11166](#))

Employees shall keep a copy of the complete written report that is filed.

Failure to Report:

Any person mandated by Penal Code who fails to report any instance of child abuse or neglect that he/she knows or reasonably suspects to exist may incur criminal, civil, and/or professional liability. Failure to report is a misdemeanor and punishable by confinement in county jail for a term not to exceed six months or by a fine of not more than one thousand dollars (\$1,000) or by both. However, if "death or great bodily injury" happens to the child as a result of the abuse, the mandated reporter is guilty of a misdemeanor punishable by not more than one year in a county jail, by a fine of not to exceed five thousand dollars (\$5,000) or by both. ([Penal Code 11166](#)).

Confidentiality

The protection of confidential information is vital to the mission and interests of the SCCOE. Confidential information is any and all information disclosed to or known by you because of employment with the SCCOE that is not generally known to people outside the organization.

An employee who improperly uses or discloses confidential business information will be subject to disciplinary action up to and including termination of employment and legal action, even if he or she does not actually benefit from the disclosed information.

All inquiries from the media must be referred to the Public Information Supervisor.

[Unauthorized Release of Confidential/Privileged Information \(4119.23 SP\)](#)

Conflicts of Interest

The SCCOE expects all employees to conduct themselves and organization business in a manner that reflects the highest standards of ethical conduct, and in accordance with all federal, state, and local laws and regulations. This includes avoiding real and potential conflicts of interests.

Exactly what constitutes a conflict of interest or an unethical business practice is both a moral and a legal question. The SCCOE recognizes and respects the individual employee's right to engage in activities outside of employment which are private in nature and do not in any way conflict with or reflect poorly on the organization.

It is not possible to define all the circumstances and relationships that might create a conflict of interest. If a situation arises where there is a potential conflict of interest, the employee should discuss this with a manager for advice and guidance on how to proceed. The list below suggests some of the types of activity that indicate improper behavior or unacceptable ethics:

1. Carrying on SCCOE business with a company in which the employee, or a close relative of the employee, has a substantial ownership or interest.
2. Holding a substantial interest in or participating in the management of a business to which the organization makes sales or from which it makes purchases.
3. Accepting substantial gifts or excessive entertainment from an outside organization or agency.
4. Speculating or dealing in materials, equipment, supplies, services, or property purchased by the organization.
5. Participating in civic or professional organization activities in a manner that divulges confidential work-related information.
6. Misusing privileged information or revealing confidential data to outsiders.
7. Using one's position at the SCCOE or knowledge of its affairs for personal gains.
8. Engaging in practices or procedures that violate antitrust laws, commercial bribery laws, copyright laws, discrimination laws, campaign contribution laws, or other laws regulating the company business.

Correspondence

The SCCOE will deliver correspondence to employees at their assigned SCCOE email address. Employees are encouraged to regularly check their SCCOE email for the Superintendent's Monday Memo, The News Round Up, and other important information and updates.

Dress and Grooming

The SCCOE is a professional work environment. During school and business hours and at SCCOE activities, employees shall maintain a neat and clean appearance that is appropriate for the workplace setting and for the work being performed. It is important to project a professional image to our students, families, visitors, and coworkers. All employees are expected to dress in a manner consistent with good hygiene, safety, and professionalism.

Employees shall be allowed to appear in dress in a manner consistent with their gender identity, gender expression, or religious creed. In addition, the SCCOE shall not dismiss an employee, discriminate against an employee in compensation or in terms, conditions, or privileges of employment, or refuse to hire a job applicant on the basis of religious dress or grooming practices.

All employees shall be held to the same standard unless their assignment provides for modified dress as approved by their supervisor. Any questions or complaints regarding the appropriateness of attire should be directed to the Human Resources department.

[Dress and Grooming \(4119.22 SP\)](#)

Drug-Free and Alcohol-Free Workplace

It is the policy of the SCCOE to maintain a drug- and alcohol-free work environment that is safe and productive for students, employees, and others having business with the organization.

The unlawful use, possession, purchase, sale, distribution, or being under the influence of any illegal drug and/or the misuse of legal drugs while on company or client premises or while performing services for the SCCOE is strictly prohibited. The SCCOE also prohibits reporting to work or performing services under the influence of alcohol or marijuana, consuming alcohol, or using marijuana while on duty or during work hours.

In accordance with law and the SCCOE's collective bargaining agreements, the County Superintendent or designee shall take appropriate disciplinary action, up to and including termination, against an employee for violating the terms of the drug- and alcohol-free workplace policy and/or shall require the employee to satisfactorily participate in and complete a drug assistance or rehabilitation program approved by an appropriate agency.

Employees' health plans have provisions for drug counseling and rehabilitation and offer counseling and referrals to help resolve problems effectively and confidentially. The cost of these services will depend on your plan. For more information please contact your insurance provider or your Employee Benefits Specialist.

Emergency Contact Information

Family Care and Medical Leave (CFRA Leave) and Pregnancy Disability Leave

Under the [California Family Rights Act of 1993 \(CFRA\)](#), if you have more than 12 months of service with the SCCOE and have worked at least 1,250 hours in the 12-month period before the date you want to begin your leave, you may have a right to family care or medical leave (CFRA leave). This leave may be up to 12 workweeks in a 12-month period for the birth, adoption, or foster care placement of your child or for your own serious health condition or that of your child, parent or spouse. While the law provides only unpaid leave, employees may choose or employers may require use of accrued paid leave while taking CFRA leave under certain circumstances.

Even if you are not eligible for CFRA leave, if you are disabled by pregnancy, childbirth or a related medical condition, you are entitled to take a [pregnancy disability leave](#) of up to four months, depending on your period(s) of actual disability. If you are CFRA-eligible, you have certain rights to take BOTH a pregnancy disability leave and a CFRA leave for reason of the birth of your child. Both leaves contain a guarantee of reinstatement (for pregnancy disability it is to the same position and for CFRA it is to the same or a comparable position) at the end of the leave, subject to any defense allowed under the law.

If possible, you must provide at least 30 days' advance notice for foreseeable events (such as the expected birth of a child or a planned medical treatment for yourself or of a family member). For events that are unforeseeable, we need you to notify us, at least verbally, as soon as you learn of the need for the leave. Failure to comply with these notice rules is grounds for, and may result in, deferral of the requested leave until you comply with this notice policy.

We may require certification from your health care provider before allowing you a leave for pregnancy disability or for your own serious health condition. We also may require certification from the health care provider of your child, parent or spouse, who has a serious health condition, before allowing you a leave to take care of that family member. When medically necessary, leave may be taken on an intermittent or reduced work schedule.

If you are taking a leave for the birth, adoption, or foster care placement of a child, the basic minimum duration of the leave is two weeks, and you must conclude the leave within one year of the birth or placement for adoption or foster care.

Taking a family care or pregnancy disability leave may impact certain benefits and your seniority date. If you want more information regarding your eligibility for a leave and/or the impact of the leave on your seniority and benefits, please contact your Employment Services Specialist.

[Exposure Control Plan for Bloodborne Pathogens \(4119.42 SP\)](#)

[Work-Related Injuries \(4157.1 SP\)](#)

Bloodborne Pathogens

Bloodborne Pathogens are viruses found in blood and bodily fluids that can be passed to others. Most notable and contagious are Hepatitis B, Human Immunodeficiency Virus (HIV) and Hepatitis C.

Who is Potentially at Risk at a School District?

Employees whose job duty it is to attend to injured or sick students or co-workers, and students with special needs. This includes Nurses, Health Clerks, Paraprofessionals, Special Education Staff, Custodians, or Designated Responders, or those who have other contact with blood or bodily fluids (including vomit).

How Do I know if My New Position is at Risk?

You will receive a "Hepatitis B Vaccine Notice" from HR with your onboarding documents. It will inform you of your rights, ask if you have; had the vaccination, consent to vaccination at no cost, or decline vaccination, and assume risk acquiring this serious disease.

How Can You Protect Yourself?

Following Universal Precautions will keep you safe from Bloodborne Pathogens. Universal Precautions is to treat all blood and bodily fluids as if they contained an infectious virus.

- Handwashing for 30 seconds with a mild soap and water whenever coming into contact with blood or bodily fluids and after glove removal.
- Use of Gloves whenever handling blood or bodily fluids or attending injured students where blood is present. Use watertight gloves, to ensure protection from viruses. Wear other Personal Protective Equipment (PPE), as necessary, to prevent splashes in the eye or blood on clothing.
- Use Eye Protection anytime there is a risk of splashing or vaporization of contaminated fluids. Goggles or other eye protection will protect your eyes while cleaning up a spill or providing first aid or medical assistance.
- Use Personal Protective Equipment (PPE) as directed.
- Use of Disinfectants on areas where there was a blood or bodily fluid spill. It takes time for a disinfectant to work, most take 10 minutes. Use correctly, as indicated on label, to ensure all viruses have been killed.
- Practice proper Trash Disposal, to protect others, by using biohazard bags or double lined trash bags. Use Sharps Containers for all potentially infected instruments such as syringes, lancets or epi-pens.
- Use a mask or barrier device when assisting with CPR.
- Keep any open wound covered, even small cuts. If it bleeds, put a bandage on it.

What if you are exposed?

- Tell your supervisor and Risk Management immediately.
- Seek first aid provided at all SCCOE locations for prompt medical treatment.
- Contact emergency medical services (911) immediately for any life-threatening incident.
